### **Farewell to the Last Drive-In: moving and relevant -**

Reviewed in the United States on June 21, 2024

A lovely, moving play that deals with dreams and young love - along with issues related to sexism, classism, and prejudice. FAREWELL concerns itself with the need for taking risks and pursuing one's dreams.

This poignant play is a poetic tale with the achingly bittersweet sensibility of ' Our Town. '

The music of superstar Jackie DeShannon adds extra-special emotion to the drama. Kudos to Myla Lichtman- Fields and Jackie DeShannon for writing this moving and relevant play.
